

Theme 4

Doctor's Office

Learning Objectives

I already know about my doctor's office, but I am going to:

- Play doctor
- Find out that a doctor's office is a good place
- Learn all the words about the doctor's office
- Learn to eat well so I can stay healthy

More words I am going to learn are:

Band-aid, check-up, doctor, nurse, doctor's office, emergency, medicine, scale, sick, smocks, temperature, well and x-ray.

July 18th - July 29th

Theme 5

To the Garden We Go

Learning Objectives

Our learning goals include:

- Growing and observing plants
- Caring for plants
- Learn gardening related vocabulary
- Get physically fit for digging, pushing, pulling, watering and weeding

Our gardening vocabulary is going to grow by adding:

Dig, dirt, soil, fill, flower pots, flowers, growing, light, observe, planting, potting soil, sprout, water, feed, vegetables and salad.

August 1st - August 5th

STEM Summer Learning 2011

BIG TEE's

Transition: 24-36 Months

Now that we have learned all the basic motor and sensory skills we will need throughout the rest of our lives, our job is now to refine those skills, rather than learning many new skills.

Our energy is now going to be centered on our social skills, language, and cognitive and emotional development. We are on our last leg of the pre-primary getting ready for the primary zone. Since we are striving to be independent, we may become frustrated when we cannot do what we want to do "BY OURSELVES".

SO BRING IT ON!

Theme 1

Science and Nature

Learning Objectives

- Learn about the natural environment in which we live
- Experiment with materials using our senses
- Learn how to solve scientific problems and ask questions such as what happened and why
- Appreciate the natural materials around us (flowers, plants, grass, summer insects and birds)
- Our vocabulary enrichment package is going to include:
Care, collect, pets, explore, fish, guinea pig, nature, questions, scientist, texture, bird feeder and rocks.

June 6th - June 17th

Theme 2

Off We Go: Transportation

Learning Objectives

- Learn different ways to move people and things
 - Use new vocabulary related to transportation
 - To discover cause-effect relationships with wheeled toys
 - Identify things in our environment that move
- Our vocabulary is going to be enriched with the addition of:
Bus, car, fast/slow, garage, move, train, truck, wagon, bicycle, car and wheels

June 20th - July 1st

Theme 3

It Must Be The Grocery Store

Learning Objectives

- Setting up a grocery store in our classroom
 - Recognizing the symbols and labels of some food items
- For our vocabulary, we are going to be saying and “reading” words such as: bill, buy, canned food, cereal, fruit, grocery cart, grocery store, manager, milk, money, stock, vegetables, receipt and juice.

July 4th - July 15th
